I Am

I Am *an invitation to the infinite,
Born every morning from the stars within the night.*

I Am *the song writer among the seashells,
singing to the children of the dawn.*

I Am *the dancer leaving foot prints among the ashes of her desires.*

I Am *the artist who creates love by blending mystery with faith.*

I Am *the hope you feel when you truly know, no words can capture your
beauty.*

*Angela Hall
(Aguenus)*

Angela Hall is a Metis Canadian born in Edmonton, Alberta. She discovered her gifts of art and poetry later in life. Inspired by the empowerment she experienced through creating her art pieces, Angela began her graduate studies in Art Therapy, 2012. Her greatest creation are her two children, Luke and Levi. Angela is a school teacher and has studied many other healing modalities such as Reiki, Cellular Healing, Shamanism, Trauma Therapy and Meditation.

**Aguenus is the name I use to describe my connection to the universe. It means water (agua-Spanish) and earth (Venus-known as earth's twin with no water). Like water on earth, I feel the art and poetry are reflections of our highest good.*
